

# Help Out on State Natural Areas

## Bluff Creek Workday

Enjoy the spring blooms and help control invasives at **Bluff Creek SNA**. Come see what's blooming and help volunteers during our monthly Southern Kettle Moraine SNA workdays on the second Saturday. Enjoy a short hike through the woods to rare fen areas, then use sprayers to treat invasive brush. This work will remove buckthorn, enlarging the woodland and rare plant communities. No skills needed you will be trained onsite.
